

## **DQE Prism Identification Band™**

### Instruction Sheet

#### **Initial Use**

---

1. Begin inflating the DQE® Prism Inflatable Light
2. While the light tower is still inflating, wrap the band around the tower just below the guy line attachments. It should be snug on the tower after full inflation.
3. After full inflation, adjust the band to desired height and position.

#### **After Use**

---

1. The band can be left on the tower for storage.
2. If not leaving the band on the tower, remove the band and replace it into its original box for storage.

*To reorder call 1-800-355-4628 and use item #RP4504 or visit [www.dqeready.com](http://www.dqeready.com)*
